

1.2 metres

# WATER SLIDE SAFETY

- All individual riders must be a minimum height of 1.2 metres.
- Children under 7 or under 1.2 metres may be accompanied by an adult on the water slides.
- Children under 8 or under 1.2m may be accompanied by an adult on the slower water slide.
- The faster water slide must be ridden individually.
- Please queue behind the yellow line and follow lifeguard instructions in using the water slides.
- Please wait for the green light before riding the water slide.
- Do not go down the water slides head first. You should ride in a horizontal position, on your back, feet first with your arms crossed.
- No sharp objects such as watches or jewellery to be worn.
- All riders should leave the catch tray immediately after riding the water slide.
- If you need assistance, please contact a member of our lifeguard team.
- There is no traffic light system in place, the lifeguard has a monitor that covers the flume exits and when they are clear they send the next person down.
